Generalist Adviser

Date: July 2026

Introduction from our Chief Executive, Simon Richards

Thank you for taking the time to consider applying for a job at Coventry Citizens Advice. We are one of the largest Citizens Advice organisations in the country, helping more than 13,000 clients per year with over 30,000 issues. We identify and help secure over £8 million in expected financial gains which clients either did not know about or hadn't accessed before.

We want to make society fairer, and we do that with each client, helping people find a way forward for their individual problems, and by influencing how the policies of the local authority, government, and the private sector impact on our clients' lives.

The way we deliver services is changing and we are providing advice more and more in the community and our workforce, both volunteer and staff, reflects that community.

You will know that we are in challenging financial times and incomes are being squeezed by rising inflation, energy costs, and increasing cost of housing. Many people are struggling to pay back debts and are dealing with employment, family, consumer, housing, and other issues.

Working for Coventry Citizens Advice is extremely rewarding due to the positive impact and high-quality service we provide for residents. Our clients are fundamental in what we do, and our values are key to how we work across the charity. It is important to us that volunteers and staff share our values, which can be found below.

Thank you for your interest in applying for a role within Coventry Citizens Advice and good luck in your application.
